BERRY  ALLOC

**The floor  
of silence**

\_\_\_\_\_ vinyl planks.

## The floor is yours.

A floor that doesn't wake the little ones while you're sneaking in.

A worry-free foundation that survives your parties, family dinners and children chasing dogs (or the other way around?).

A floor that is unbelievably easy to install. For everyone. Whether it's your first time or your daily occupation.

It doesn't matter if you love traditional, elegant, cosy or creative designs. There is a Pure vinyl floor just for you.

A floor that is loved by everyone, even by our planet. Because the planks are 100% recyclable.

A floor for your home, your life.

# There is a Pure floor for everyone

Pure fits your interior,  
your habits, your home.

**Feel free to take off your  
socks. Or leave your  
boots on. We don't mind.**

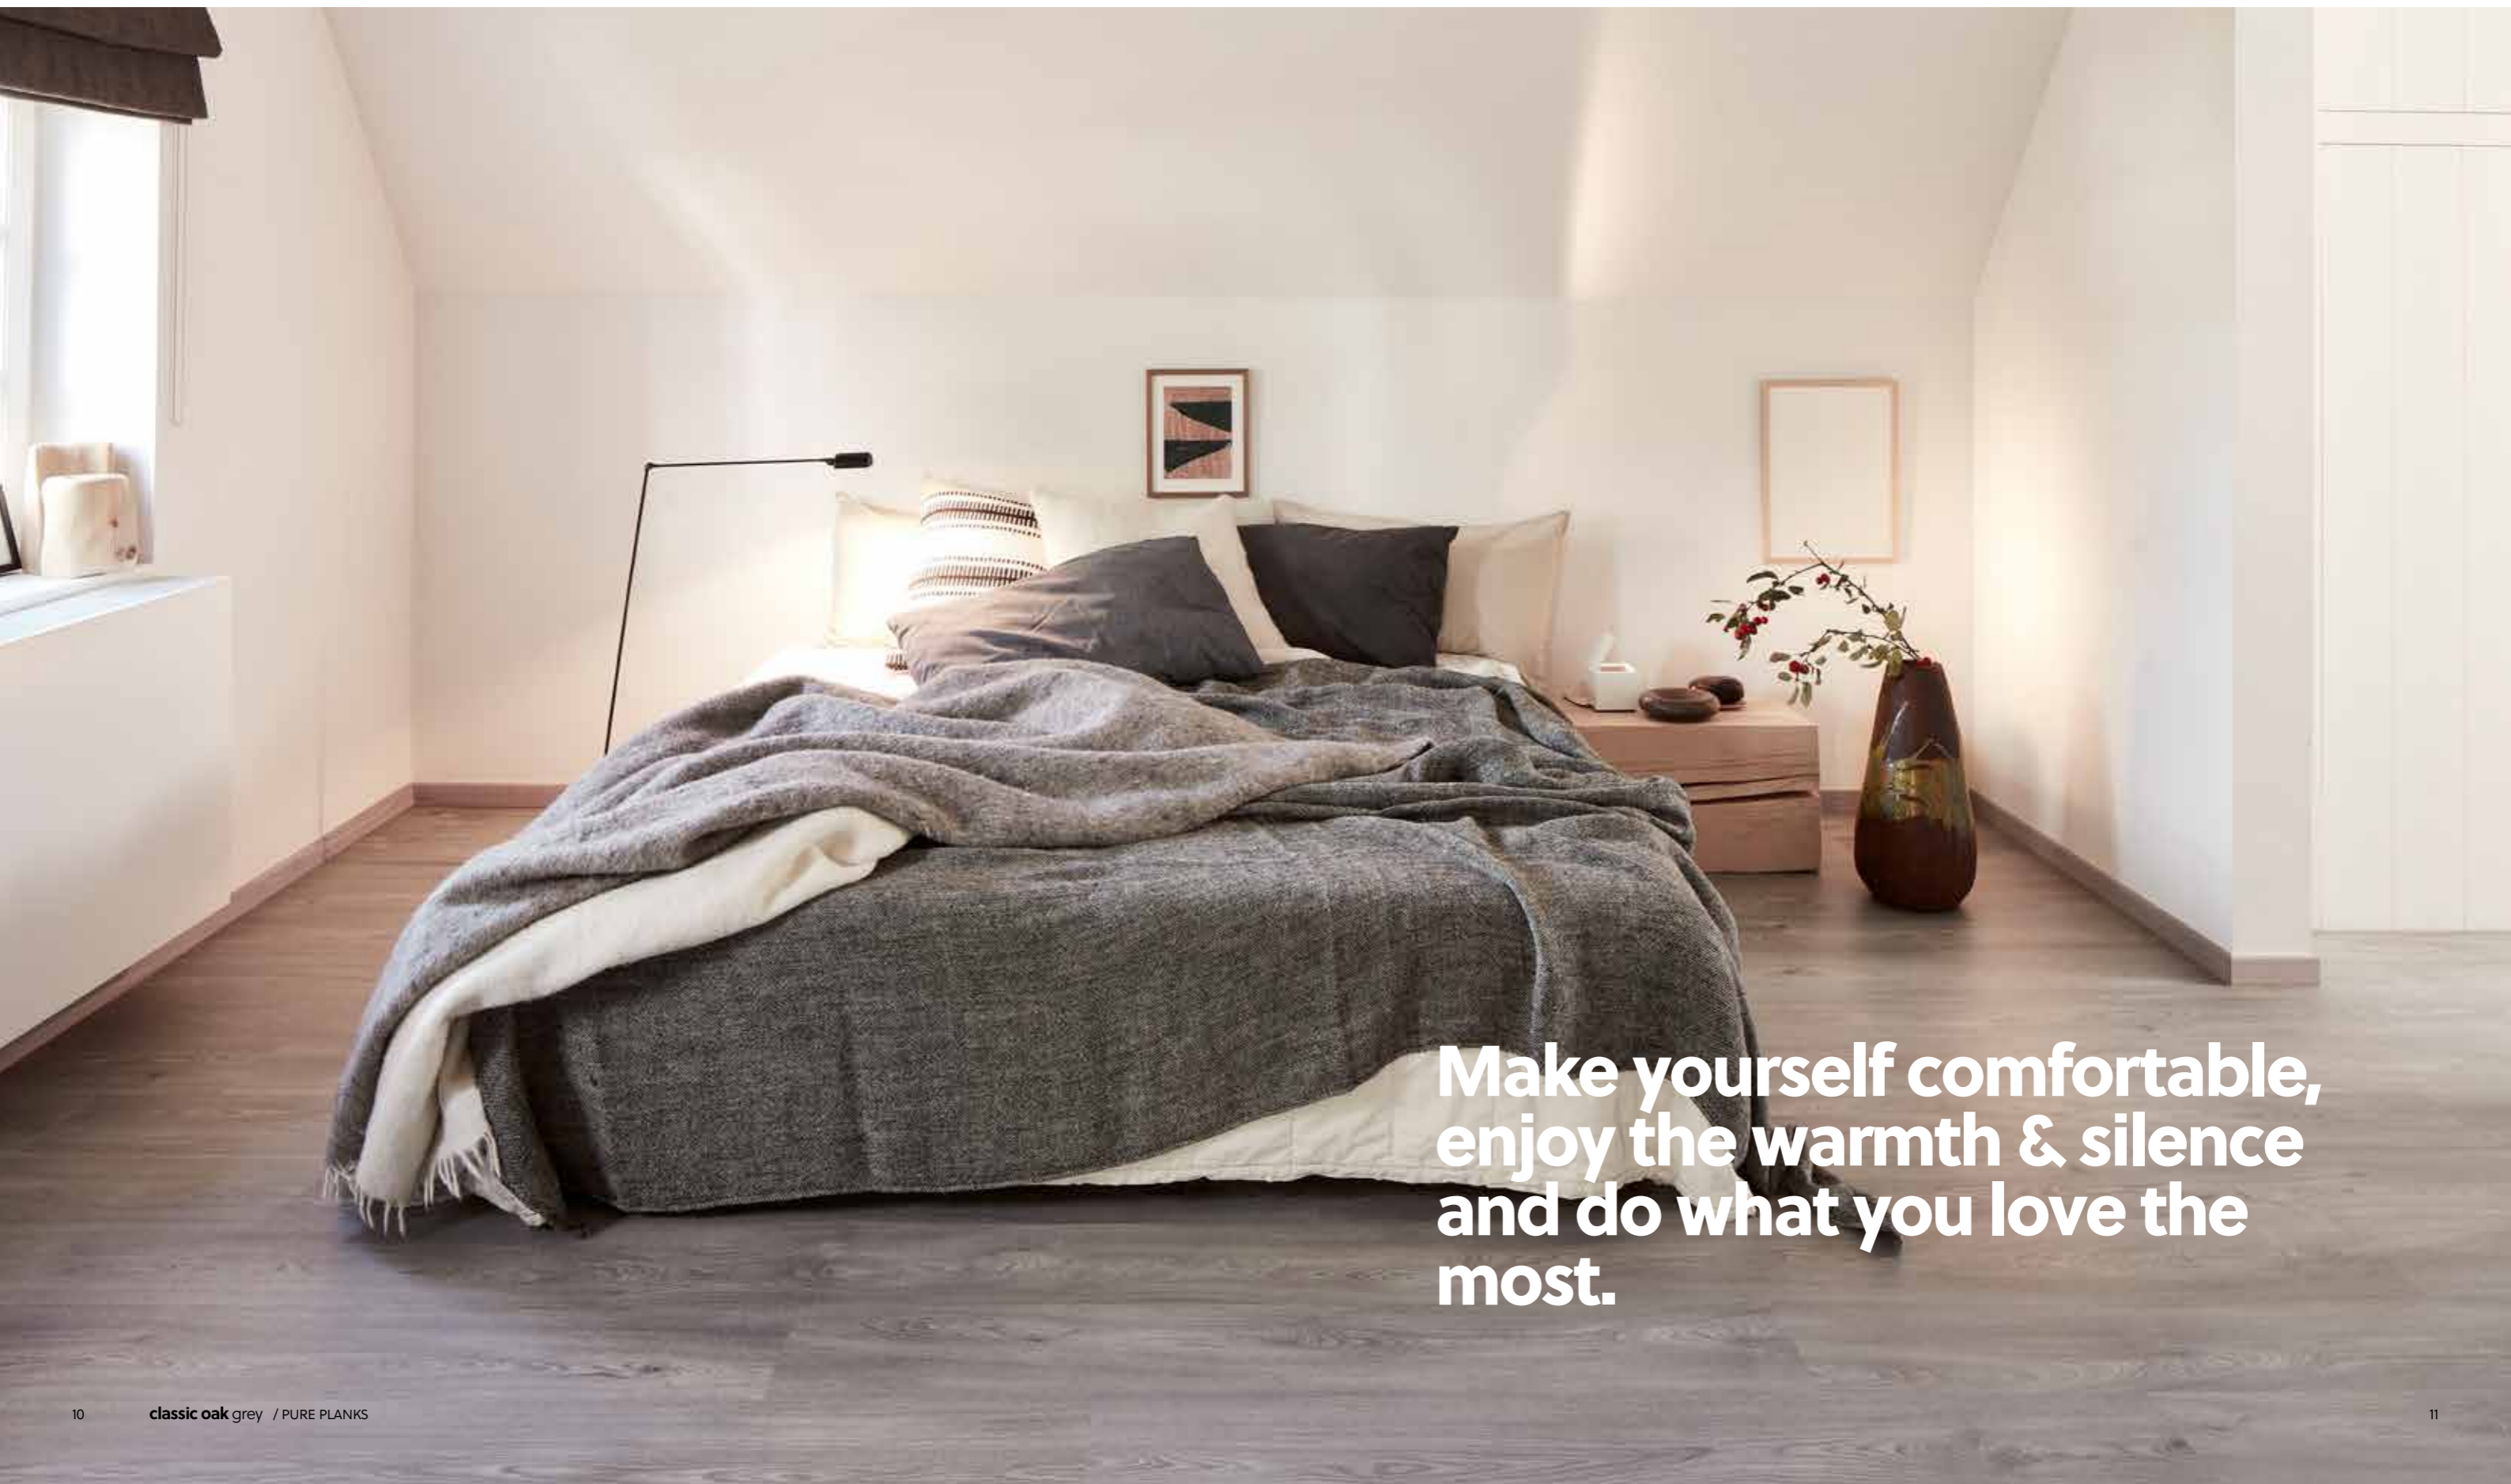

# Nothing beats the feeling of home

Pure is made for all ages. The kids running around your house won't hurt themselves on this soft floor. Parents will love that it reduces the noise in every room. Friends won't believe how beautiful it is. Pure makes the moments you spend with the most important people in the world even more enjoyable.

**Make yourself comfortable,  
enjoy the warmth & silence  
and do what you love the  
most.**

why choose / pure.

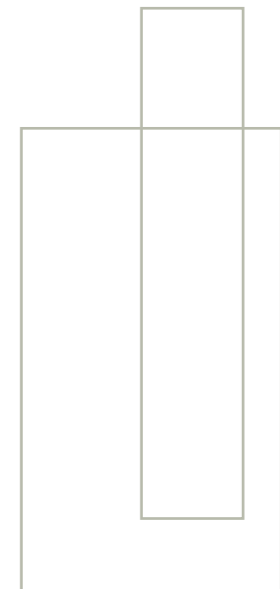

sssh floor

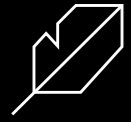

## The most **ssshhh** floor on the market

It's true: you definitely won't find a quieter floor. Pure has a unique soft top layer that is not only incredibly comfortable to walk on. It also absorbs the noise in every room. Comes in handy when you want to sneak in while your family is asleep.

The unique foamed top layer absorbs the walking sound, making it up to 50% more silent than other LVT floors.

Do you want to make your floor even quieter? Combine it with **Dreamtec+**, an underlay that **reduces noise by 20 dB**. You will definitely fall in love with this cosy floor. And your downstairs neighbours will be crazy about it too, because your footsteps will sound softer than ever. The top always feels warm to the touch, but if you like it real warm you can of course combine it with **underfloor heating**.

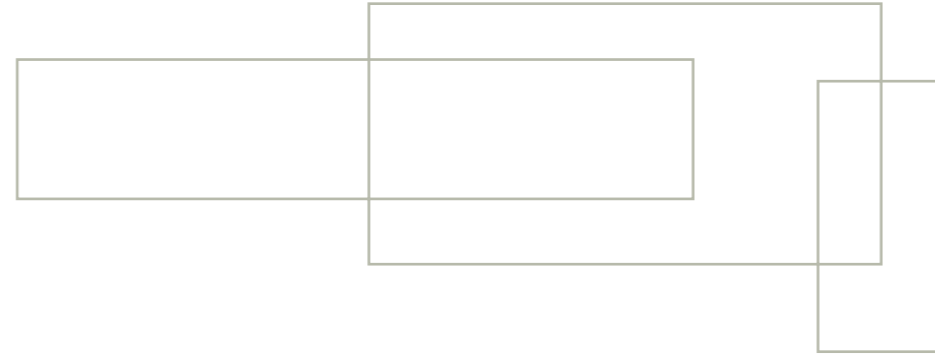

lightweight  
rigid

dreamclick®

## Light & rigid floors

## Quick and easy installation

Did we mention that these floors take care of your back? Thanks to their foam structure, the planks and tiles are lightweight, which is great for transportation and extremely easy for you to install.

Over past years, we have developed our unique **Rigid Composite Board**, or RCB. The RCB technology guarantees that there is **little or no preparation needed**. It goes over almost any existing floor. This patented formula also guarantees **floor stability** when temperature changes. Sudden changes from warm to cold or the other way around won't affect your floor, so you can **easily install Pure in front of large windows**.

With its strong lock, Pure flooring can easily withstand the frequent traffic of real, everyday lives. There is really no need to limit your guests going crazy on the New Year's Eve living room dancefloor.

**Pure is light for you, and for the environment.** Our floors save up to 30% material in comparison to other products on the market. Moreover, they can be **100% recycled** at the end of their lives.

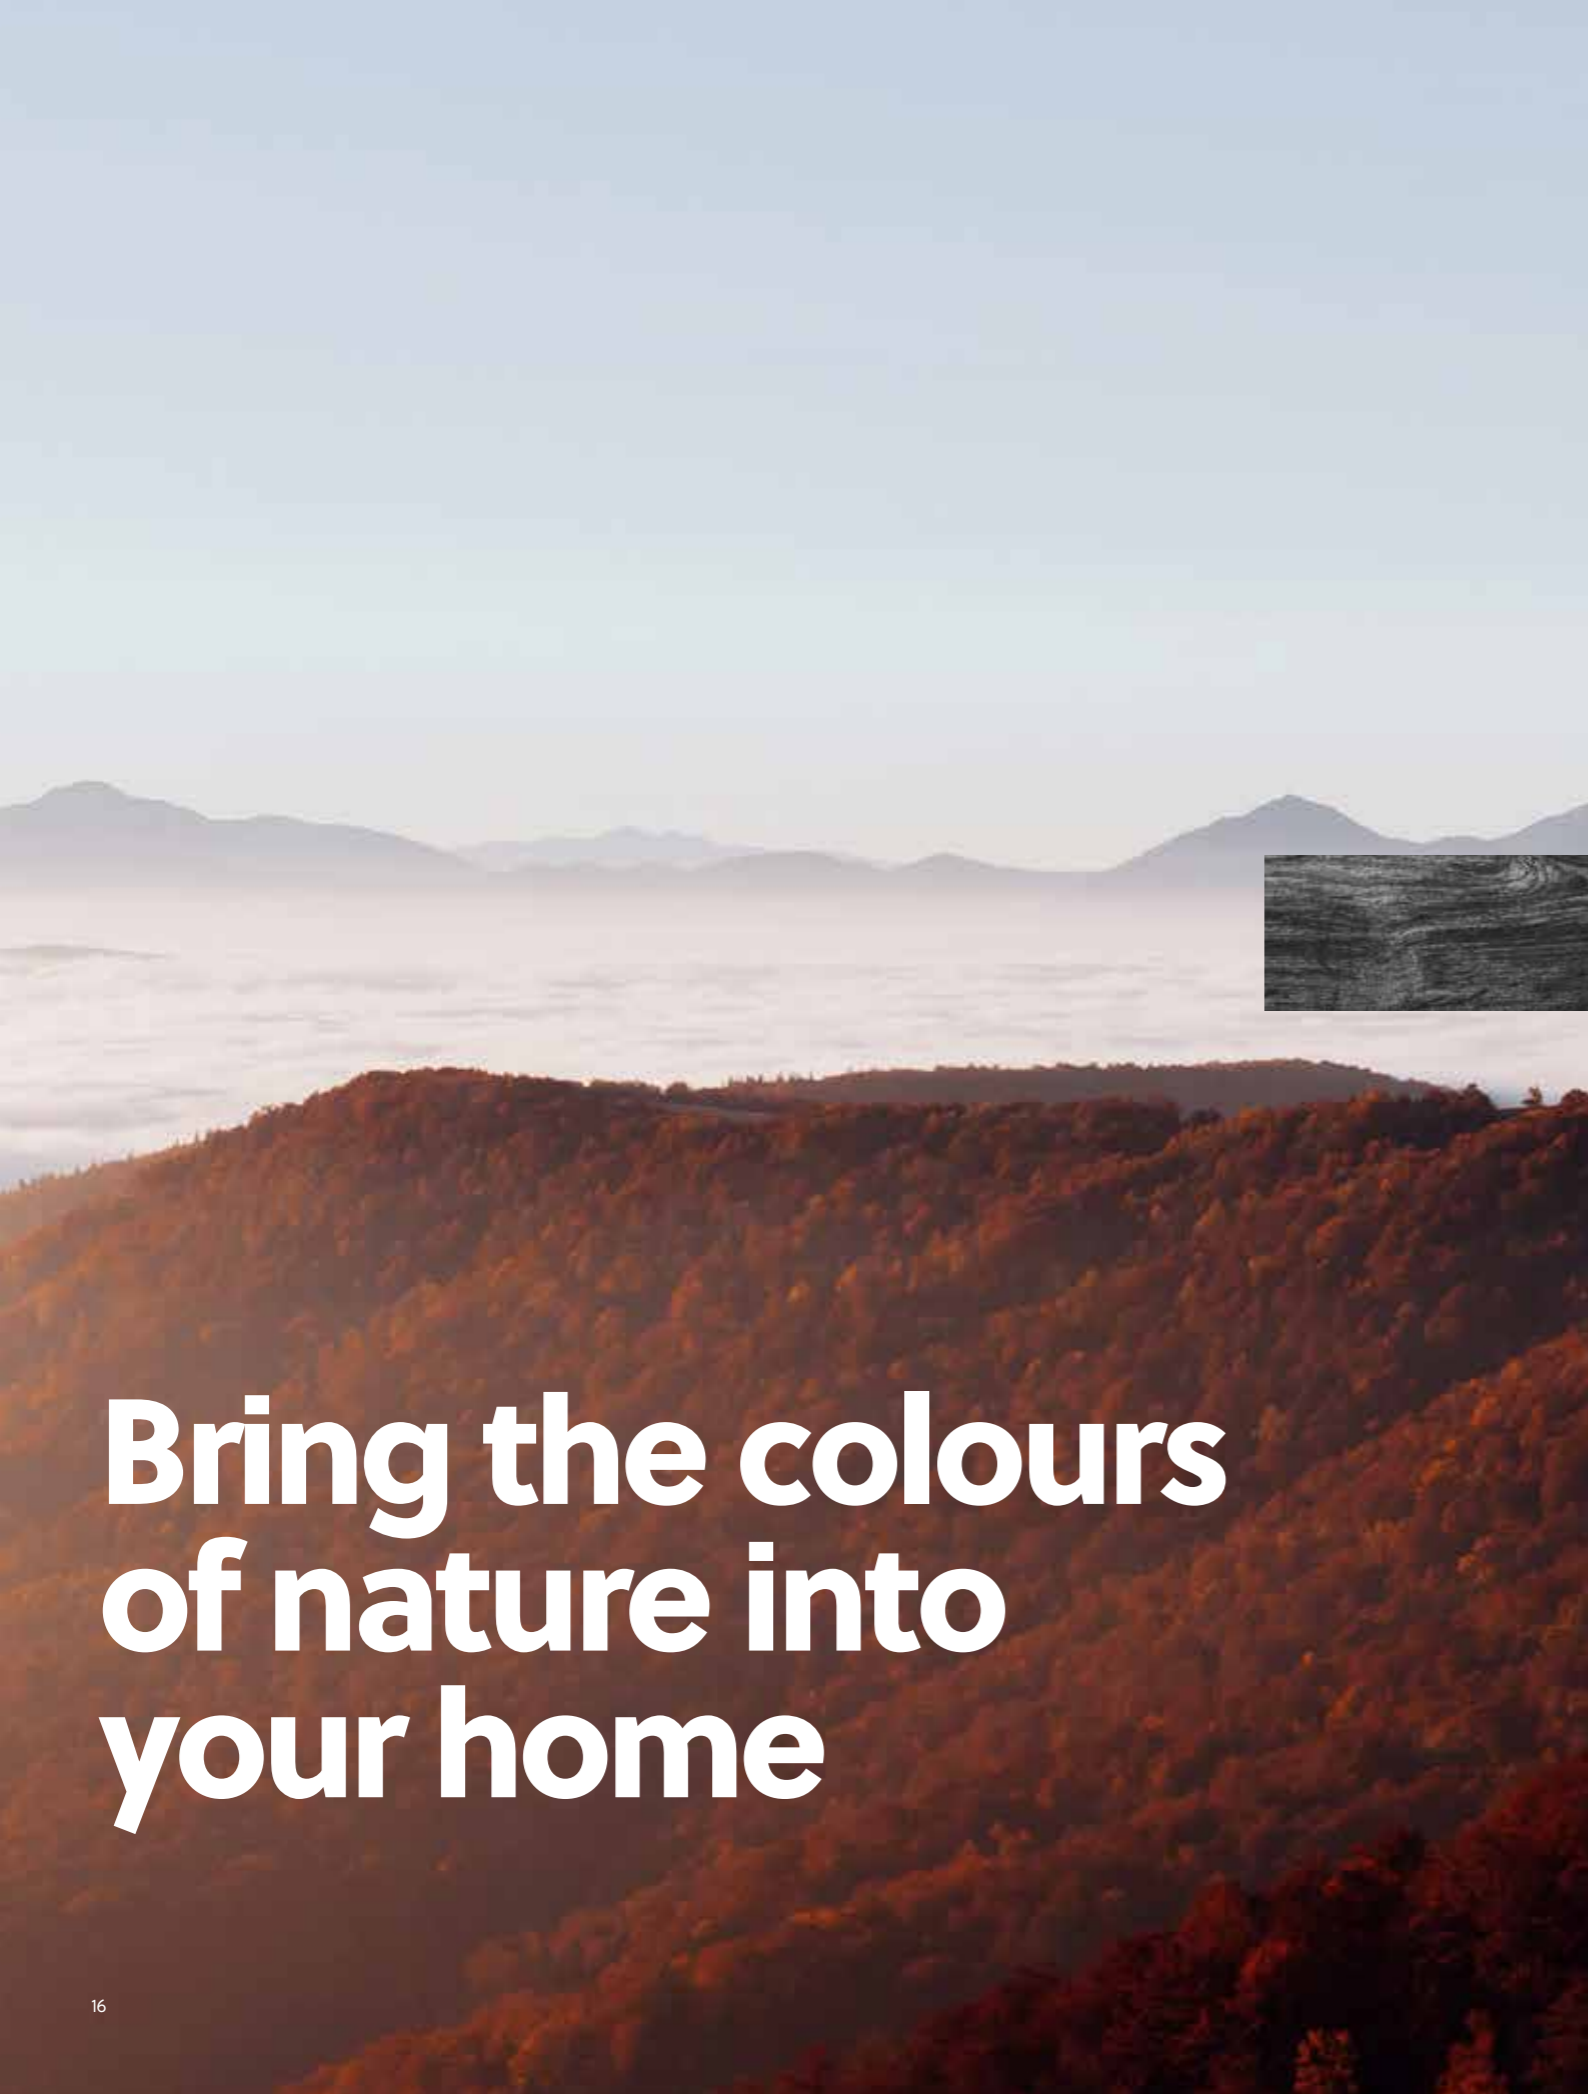

The DreamClick® locking system allows you to click the planks and tiles any way you want. So feel free to turn them around until you find the pattern of your dreams. You won't need any heavy equipment, just take a simple Stanley knife and you're good to go. No sawing, no dust. Get someone to help you, start in the middle and install at double speed. It is called DreamClick® for a reason.

Sounds quick and easy? That's right. Thanks to our **unique locking system** you can **install 12 m<sup>2</sup> in 30 minutes flat**.

Whether you're a DIY'er or a professional, everyone loves our DreamClick®. The **360° interlocking system** allows you to use your creativity to the fullest and put together a floor that suits your space and your personality. Why not install it as a herringbone, a rectangular pattern or invent a whole new pattern of your own?

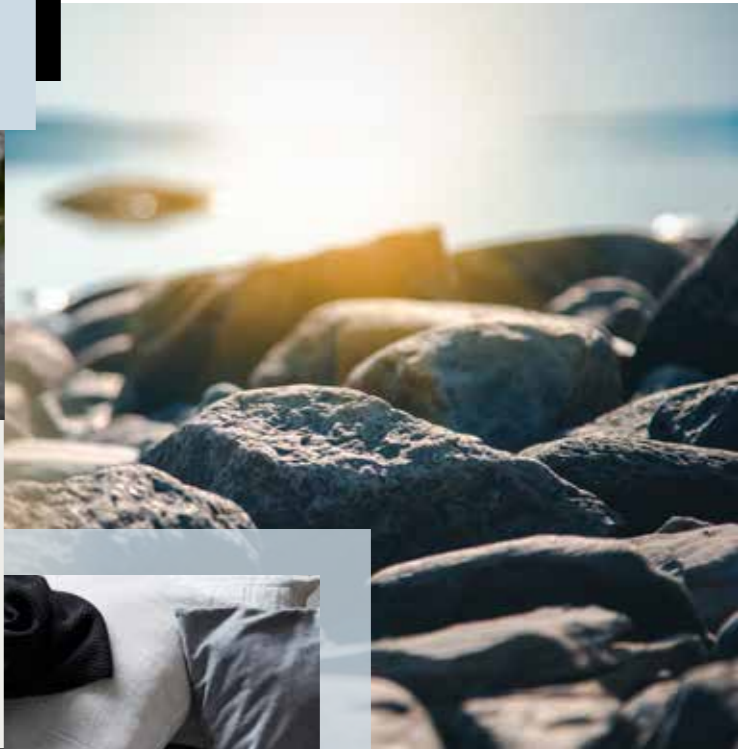

**Bring the colours  
of nature into  
your home**

Our designs are inspired by nature. To bring some beauty from outside into your homes. Every single day.

**From time to time,  
just stop and look  
around.**

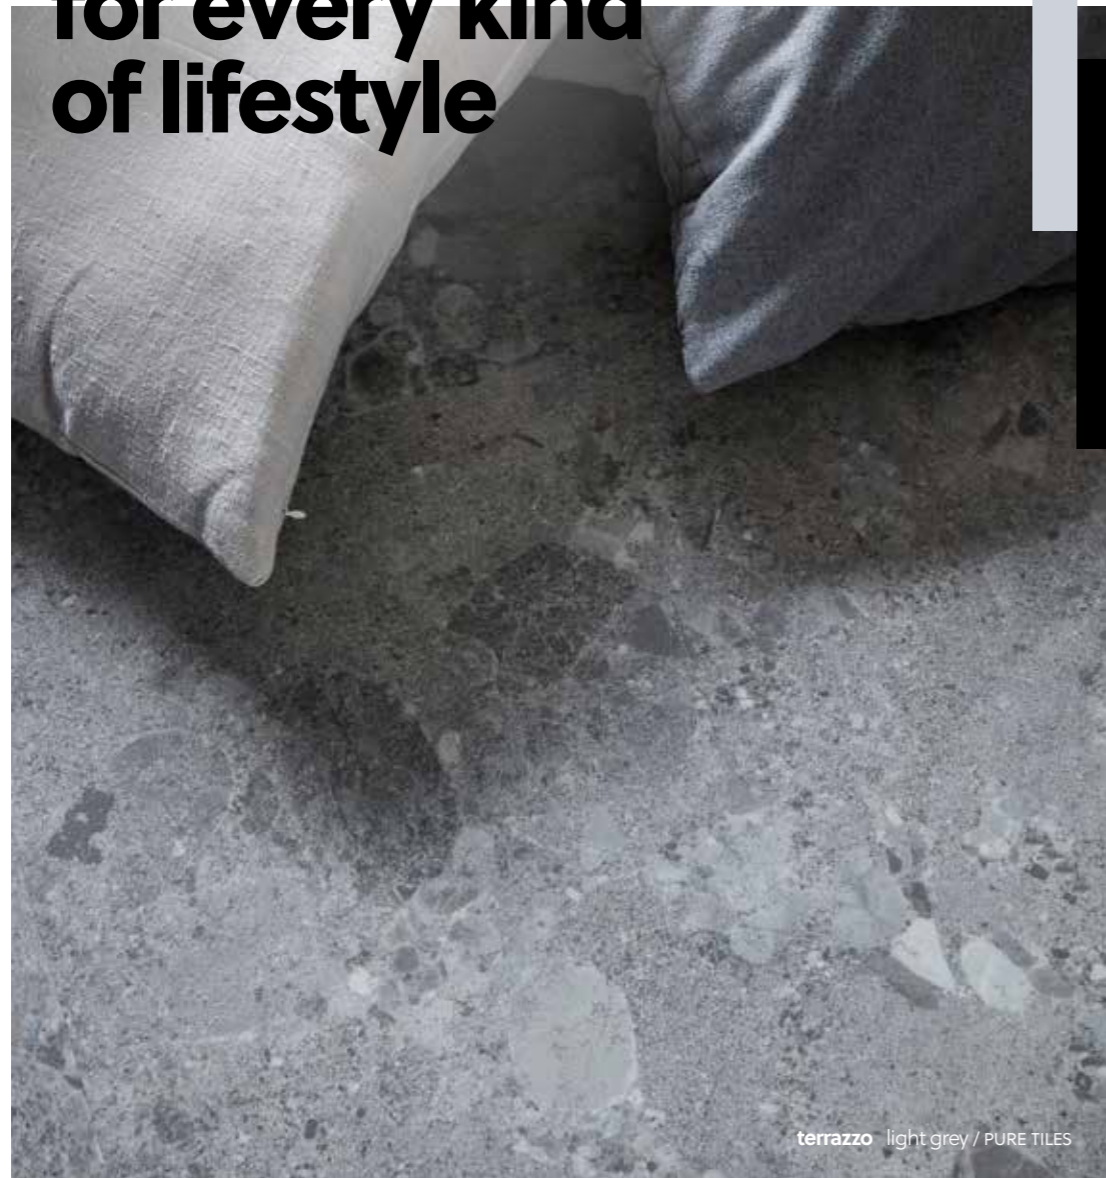

**Wondering whether this Pure floor will fit your interior? Of course it will, because there's a floor for every home. A cosy cottage, a modern city apartment or a lively family place: Pure will fit in just perfectly.**

# The foundation for every kind of lifestyle

terrazzo light grey / PURE TILES

Nothing beats a cosy home filled with warmth. Your floor is the foundation for creating this relaxing atmosphere. That is why the colours in our Pure collection stay close to nature. To bring that natural, easy-going feeling into your house. To make you feel comfortable and truly at home.

# Go crazy.

**Your floor is what you make of it. Mix and match our planks and tiles the way you want to. We never set boundaries to your creativity. Do you like to combine planks and tiles in different colours? Sure, go ahead and create your own masterpiece.**

# Why worry about your floor?

## Go for Pure and enjoy ...

### Lifetime warranty

Just relax, because we promise you a lifetime warranty for every Pure floor in your home. So go on and dance on it, spill on it, race on it ... and enjoy it every single day.

### Easy maintenance

You'll never have to worry about your floor, because Pure is water resistant and very easy to maintain. Just take a mop or a vacuum cleaner and you're good to go.

### Phthalate free

Breathe easily, our products are 100% phthalate free. Our indoor air A+ certificate speaks for itself.

### Made in Belgium

Pure is developed and produced in Belgium. That's why we are perfectly able to control and guarantee its quality from start to finish.

The Pure floor doesn't stop you from living. Just give it a sweep now and then and it will look as good as new.

**Play the game.  
Make a mess.  
Feel at home.**

**Life isn't perfect,  
but this floor can  
handle it.**

A woman with curly hair and a child are crawling on a white rug. The woman is on the left, smiling, and the child is on the right, also smiling. They are both wearing light blue shirts. The rug is on a wooden floor. There are several pillows on the rug: a large orange one, a blue one, a striped one, and a dark blue one.

**Crawl, tip-toe, walk, run  
and jump. This floor keeps  
quiet no matter how loud  
you get.**

# Easy from start to finish

## Underlay Dreamtec+

Our unique Dreamtec+ underlay reduces noise and flattens out little defects in your subfloor. When properly installed it functions as a moisture barrier too. On top of that its smooth surface allows the floating floor to move freely over the underlay, an important factor during its lifetime.

## Skirtings

The Pure collection provides skirtings that match your floor. Same color, same print. The perfect way to finish your room and cover up expansion gaps.

## Profiles

To provide a smooth transition with another floor, you can use our profiles. Choose a design that matches your floor or go for a modern aluminum look.

dreamclick®

click any way you want

fast & easy installation

# Installing your Pure click floor will give you **instant satisfaction**

**Instant satisfaction, thanks to the fast and easy installation with our DreamClick®. It takes no more than 4 steps:**

1. Allow the planks or tiles to adjust to the environment for **48 hours**
2. Clean the floor, install the appropriate **underlay** as necessary.
3. **Install the floor** using minimal tools.
4. Finish your floor with **skirtings and profiles** for the optimum result.

**Let's make life even more easy:**

- As the **perfect renovation floor**, our Pure needs little preparation of the subfloor, certainly if you use our Dreamtec+ underlay.
- Pure is suitable for floor **heating and cooling**

- Using only knives and no saws, Pure has a **dust free** installation
- As a **thermally stable** product, Pure can be installed in front of large windows

More detailed installation instructions can be found on our website or youtube channel: [berryalloc.com](http://berryalloc.com) & [youtube.com/berryalloc](https://youtube.com/berryalloc)
